1st RESPONSE EMS TRAINING INSTITUTE

EMERGENCY MEDICAL TECHNICIAN (EMT) TRAINING PROGRAM

MISSION STATEMENTS

1st RESPONSE EMS INC.

1st Response EMS is devoted to our clients and always attentive to their needs. We continuously strive to improve the quality of our services by engaging the patient, recognizing the family and communities we serve.

1st RESPONSE EMS TRAINING INSTITUTE

The 1st Response EMS Training Institute is dedicated to the development of quality Emergency Medical Technicians. We believe in continuous training which creates highly skilled, motivated, critical thinkers. This is accomplished through quality instruction.

WHAT IS AN EMERGENCY MEDICAL TECHNICIAN (EMT)?

According to the National Registry of Emergency Medical Technicians, an EMT focuses on rapid in-field treatment and transport. EMT's work in conjunction with other medical providers, such as paramedics, nurses and physicians. When operating in the pre-hospital environment, their actions are governed by protocols and procedures set by their systems medical director.

EMT's provide Basic Life Support (BLS) which includes; cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), use of a bag valve mask, suctioning and splinting (including spinal immobilization and traction splints), etc.
